Sports or Activity Coverage

If you elect this option, underwriters will reimburse you for eligible expenses which are incurred due to an injury resulting from the participation in a sport or activity that is specifically named on the Schedule of Coverage. (See exclusions for a list of commonly excluded sports and activities.)

Underwriters will pay you the principal sum insured (not to exceed \$500,000) as designated on the Schedule of Coverage in the event of your accidental death. Underwriters will also pay the principal sum insured in the event that you suffer a loss resulting from an injury as shown in the Schedule of Losses below.

Schedule of Losses

Loss of use of or loss of two or more limbs	The Principal Sum
Loss of sight of both eyes	The Principal Sum
Loss of or loss of use of one limb	One Half of the Principal Sum
Loss of sight in one eye.....	One Half of the Principal Sum
Loss of speech.....	One Half of the Principal Sum
Loss of hearing of both ears.....	One Half of the Principal Sum

War & Terrorism Coverage

If you elect this option Underwriters will reimburse You for Eligible Expenses which are incurred as a result of Injuries or Illnesses sustained due to war/terrorism or act of war/terrorism. Injuries or Illnesses due to war/terrorism or act of war/terrorism involving the use or release of any nuclear weapon or device or chemical or biological agent, regardless of any contributory cause(s) are not covered with this optional benefit.

Kidnap & Ransom Coverage (K&R)

If you elect this option Underwriters will reimburse you for the ransom expenses paid on your behalf in order to release you from a kidnapping event which had taken place in the USA as well as reimburse you for the crisis response fees up to \$100,000 in the aggregate. Although ransom benefits appear to be the primary benefit, the core benefit of any plan is the Crisis Response Team that will assess and advise the family. Most kidnappings are carried out in order to obtain a ransom, and in most cases a ransom is paid. The average percentage of deaths following a kidnapping is 9%. In cases involving The Crisis Response Team, less than 2% of people are killed.

Why Do I Need The International Major Medical Plan?

Health care costs are different in the United States than other countries around the world. The United States health care system is principally funded through private insurance. Access to socialized health care is typically restricted to United States Veterans, Medicare recipients and legal residents using Medicaid. Reciprocity between some countries which both have socialized health care does not occur in the United States.

Examples of Coverage

- A Foreign National visiting the USA.
- A USA Citizen who is temporarily unable to purchase domestic coverage due to residence restrictions.
- A Foreign National working for a USA company in their home country or outside their home country.
