

MEETINGS ON DEMAND

Virtual meetings through Meetings on Demand (MOD) are designed to be similar to a phone conversation, but better. We use the technology of your computer, video as well as audio information to bring you any topic you want or need to discuss. Unlike webinars and podcasts that are either not live or are more one-way conversations, MOD is interactive. Segments can range from 15 minutes to more than 90 minutes. MOD Topics includes:

Introductory Meetings

- History of Lloyd's and PIU
- Disability Plan Overview
- Complete Catalogue of Coverages

Advanced Meetings

- Bank Loan Indemnification
- Business Overhead Expense
- Buy/Sell Disability
- Excess/Supplemental Disability
- Failure To Survive
- Hazardous Avocation & Vocation Disability
- Guaranteed Standard Issue Disability
- Impaired/Sub-Standard Disability
- Key Person Disability
- Loss of License Insurance
- Severance Disability
- Simplified Issue Disability
- PIU Producer and Marketing Systems and Services

We are also available for Presentations (live or Virtual) for Associations or Groups!
